One Hub. Five More Ports.

The USB-C Fusion ALPHA 5-in-1 Hub features five ports to extend the connectivity of USB-C phones, tablets, and laptops. Plug in your device to the HDMI port to mirror or extend your screen in Ultra HD. Connect to the USB-C port for 100W power delivery, or to quickly transfer multimedia files at 5Gbps [USB 3.1 Gen 1]. The Fusion's two USB-A ports support popular USB peripherals including keyboards, mice and scanners. Ensure your Internet connection is reliable for video meetings with its RJ-45 Gigabit Ethernet port. The Fusion Hub also features an extended USB-C cable that's convenient to use with all types of USB-C devices.

4K [60Hz] Displays and Speedy File Transfers

Extend your Ultra HD screen space with the Fusion. Connect your USB-C devices to the HDMI or VGA ports to mirror or extend external displays, including TVs, monitors or projectors. The Fusion USB-C [USB 3.1 Gen 1] and USB-A [USB 3.0] ports' 5Gbps data transfer speeds are 10 times faster than the USB 2.0 standard, enabling you to transfer and access multimedia content such as video files, albums, and podcasts in seconds.

A Portable Hub that Works Where You Do

The Fusion Hub' s small size is especially convenient on small desks or desks with limited available space. Its polished space grey exterior complements modern desks and modern devices, including contemporary iPads and MacBook Pros. ALOGIC's engineers have designed a slim and lightweight hub that's perfect for staying connected between the office, home, and on the road.

EMI Shielding

Like all ALOGIC products, the hub has been designed and engineered for best in class performance. To enable this the hub has end to end EMI shielding to eliminate all interference from Wi-Fi and other wireless transmissions.

User Interface

Input   USB-C

Output   1 x HDMI 4K@30Hz   2 x USB-A 3.1 (5Gbps) with BC 1.2 charging

               1 x USB-C 3.1 Gen 1 (5Gbps) with Power Delivery 100W   1 x RJ45 Gigabit Ethernet

Data Rate

USB 3.1 (Gen 1) data rate of up to 5Gbps

Gigabit Ethernet

Power

Supports up to 100W Power Delivery via USB-C Port

Supports BC1.2 on one of the USB-A Ports

Physical Characteristics

Product Dimensions   106(L) x 51(W) x 14(H) mm, Cable length - 230mm

Colour   Space Grey and Black

Weight   75g

Material   ABS Housing

Resolution

HDMI   4K @60Hz

Device Compatibility

Compatible with all computers with a USB-C or Thunderbolt 3/4 port which supports video output

Package Includes

1 x Fusion ALPHA USB-C 5-in-1 Hub

1 x User's Manual

Warranty

2 Year
