## Clarity Pro Touch 27" UHD 4K Monitor

### A Stunning 4K Touchscreen with Smart Webcam

Clarity Pro Touch is an exceptional display for digital artists who require confidence in their work. This studio-quality, 27" 4K display presents your work in perfect colour, while its 8MP webcam ensures you're always looking your best. Its USB hub lets you declutter your studio and connect to your workstation with one cable, leaving your focus for what truly matters: your next masterpiece.

## Your Digital Canvas

Exhibit your craft like never before with more than one billion colours across Clarity's breathtaking 27" 4K screen. Its exceptional colour gamut, vivid 350 cd/m<sup>2</sup> brightness and sharp HDR contrasts make it a powerful tool you can stake your creative reputation on.

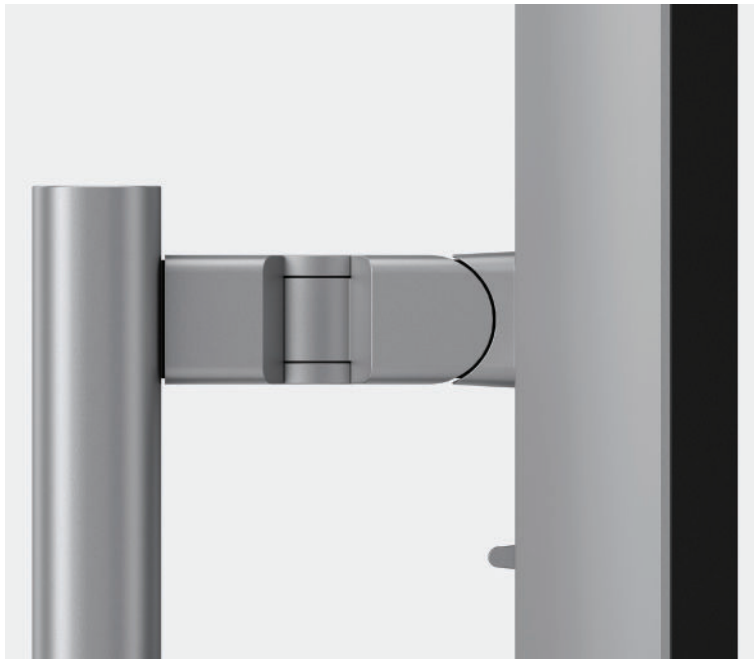

### Edge To Edge Display immersive experience

Clarity's near-borderless 27" Edge to Edge display delivers a spectacular and immersive picture. Whether you're working or enjoying a well-earned break, it's a digital showroom unlike any other.

### Power, Data, Video all at once

Get up to 65W power delivery (for charging your laptop via USB-C) and enjoy uninterrupted productivity with a single cable that transmits power, data and video - all at once.

## Pivot, Tilt, Swivel

### Adjustable stand

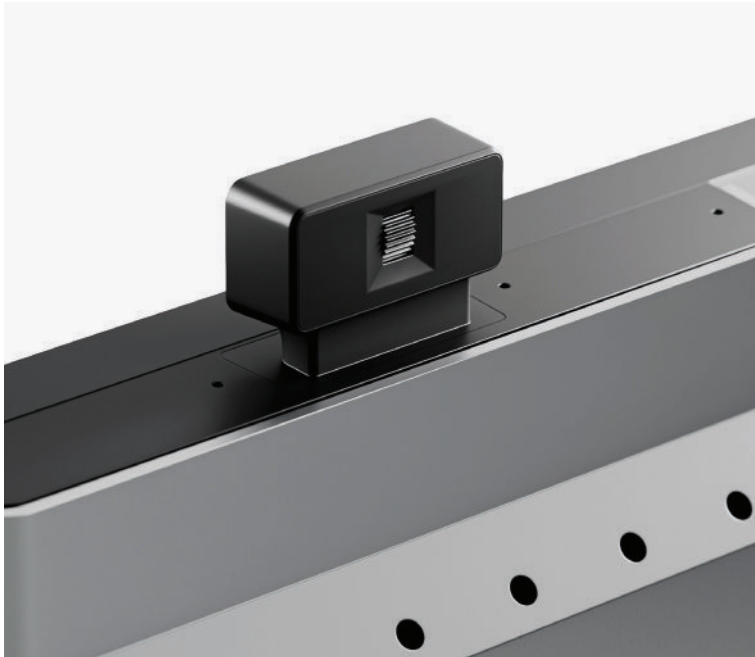

Our aluminium stand makes it easy to position Clarity Pro Touch exactly where you need it. Simply raise pivot, tilt and swivel the display for ergonomic comfort. Combined with its 178° viewing angle, Clarity Pro Touch is a versatile inclusion in any workstation.

## Landscape or Portrait

### switch in seconds

With Clarity Pro Touch's smart rotation sensor, it takes just seconds to switch from landscape to portrait, perfect for editing vertical video, answering emails or monitoring a livestream. When you're done, switching back is just as easy.

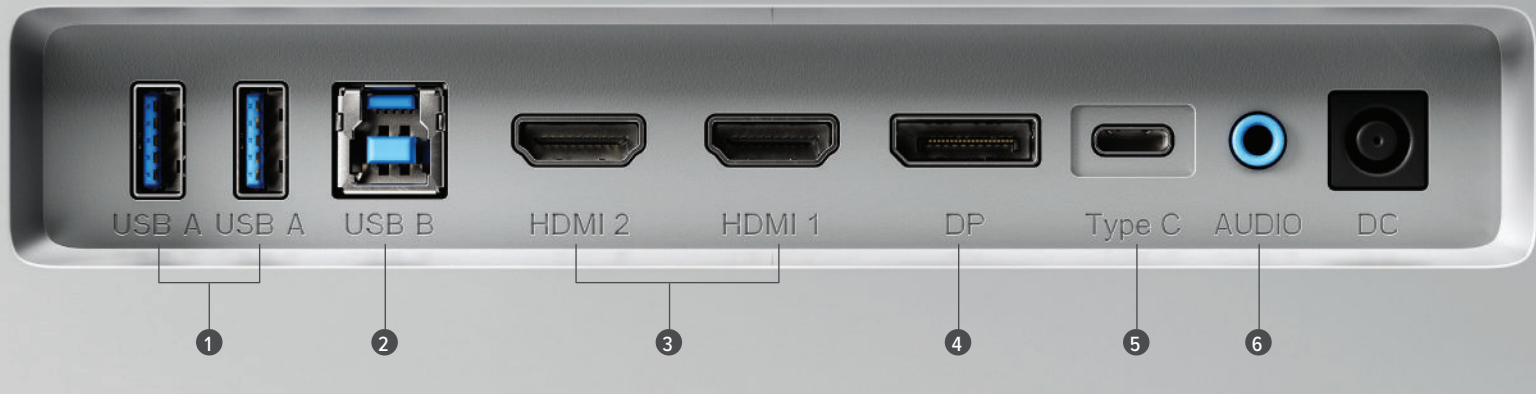

## 8MP Auto-Retracting Webcam

Look stunning, but only when you want to with our smart webcam. It automatically sides up when you need it and disappears when you don't, protecting your privacy. Adjusting your framing is easy with its rear dial, perfect for multi-user workstations.

## Unrivalled 4K Touchscreen

Get hands on with your work using Clarity Pro Touch's 10-point ultra-thin One Glass Solution (OGS) touchscreen. Navigate your project with the same intuitive touch controls as your phone, trackpad or tablet.
