ActivPanel LX

Why choose the ActivPanel LX

The ActivPanel LX is a reliable, high-quality edtech solution that offers superior value, ease of use, flexibility, and versatility for the evolving classroom environment. It provides distinct benefits for all education stakeholders—from teachers to IT administrators to school leaders.

Incredible quality and value

The ActivPanel LX offers an impressive array of features, so you can rest assured you'll be using it for many years to come.

- A crystal clear 4K display that leverages HDMI 2.0 technology
- Gigabit ethernet ports for uncompromised network speeds to a connected OPS device
- LCD bonded glass offering excellent writing and viewing experiences
- Advanced touch technology providing pen and touch differentiation, palm erase, and 20 points of touch
- Dual front-facing speakers and an integrated full-length pen tray

Simple, and so easy to use

The ActivPanel LX works with the hardware, software, and apps you currently use. That means teachers can start delivering engaging, interactive lessons right away. The ActivPanel LX is easy to install and set up, requiring minimal training and limited support from IT staff. Not only that, IT administrators won't need to enrol, manage, or frequently update the panels, or deal with security issues.

Seamless integration with the tech you use today

The ActivPanel LX can be connected to a laptop with a single USB-C cable, instantly turning your computer into a large-format interactive display. It can also be paired with a computing module that fits your preferred ecosystem—whether it be Google, Windows, or Android—giving you maximum flexibility. And as your edtech evolves and your needs change, your ActivPanel LX will always be able to adapt.

Simplicity. Flexibility. Value.
